# SPEAKEASY

ENCORE's *SPEAKEASY* collection, features new state-of-the-art *enpointe* tufting technology to produce high-performance and visually stunning carpet.

*SPEAKEASY* appeals to all the senses by fusing masculine geometry with feminine curving floral elements, reminiscent of the Art Deco emergence during the "Roaring Twenties".

Dark indigos, warm grays, and dazzling copper accents, harness a moody, yet, glamorous vibe.

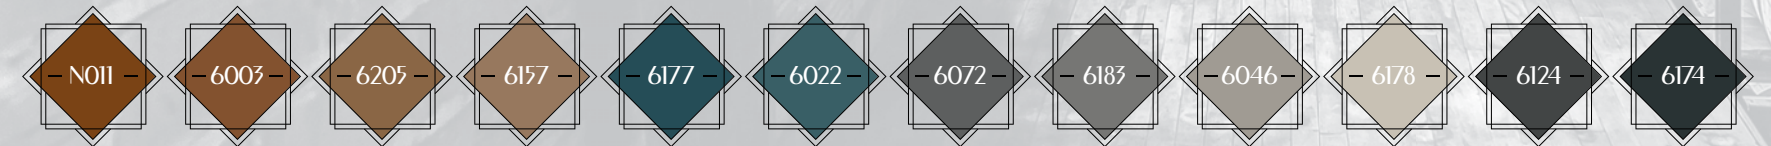

Multiple textures and exquisite pattern layering create depth and appear to carve out the motifs, creating a dynamic and eye-catching effect.

We are a flooring manufacturer whose focus is service. We provide the tailored flooring you need for any project, from all types of custom and running-line carpets, to area rugs and LVT – but the difference is, every aspect of your experience with ENCORE matters to us. We will listen to every detail of your vision and use our expertise to deliver solutions that exceed your expectations.

Whether it's flooring for hospitality spaces, senior living, multi-family, or gaming, our mission is to deliver the highest quality product with an unrelenting devotion to anticipate your needs and shepherd your project from design inception to long after the project is installed.

Your experience is going to be easy, and the end result exactly right, every time. We are a completely different approach to designing and specifying flooring. We not only bring you the highest-quality flooring products – we bring you an experience that is so refreshingly easy, you'll ask for an ENCORE.
